

CASCADE SPECIALTY CHEMICALS, LLC — PORTLAND FACILITY

POWERED INDUSTRIAL TRUCK OPERATOR TRAINING AND EVALUATION RECORD

Program reference: OSHA 29 CFR 1910.178(l) and Oregon OSHA Division 2/N. Each operator receives formal instruction, practical training and an evaluation of performance in the workplace before operating without supervision, refresher training when required, and an evaluation at least once every three years. Trucks in service: Toyota 8FGU25 propane counterbalance, unit FL-2; Crown WP 3000 electric pallet jack, unit PJ-1.

Operator	Trucks	Formal instruction	Practical training	Initial evaluation	Most recent evaluation	Next evaluation due	Trainer / evaluator	Notes
M. Chen (Michael Chen)	FL-2, PJ-1	2024-03-04	2024-03-06	2024-03-11	2024-03-11	2027-03-11	S. Ortiz	certificate on file
J. Rivera (Jose Rivera)	FL-2, PJ-1	2025-05-27	2025-05-29	2025-06-02	2025-06-02	2028-06-02	S. Ortiz	certificate on file
R. Patel (Rina Patel)	FL-2	2023-05-15	2023-05-17	2023-05-19	2023-05-19	2026-05-19	S. Ortiz	

Refresher training is given after an accident or near miss, an observed unsafe operation, an evaluation finding, or a change of truck or workplace conditions. None was required in 2025 or 2026 to date.

Trainer: Sandra Ortiz, Warehouse Supervisor, certified powered industrial truck trainer (Northwest Safety Training Institute, course PIT-T-2022-0417).

Record maintained by: Warehouse Supervisor · Last updated: June 2, 2025
